-----

It offers seamless integration with various mainstream battery brands and technologies, providing flexibility and reliability. Ideal for projects requiring efficient power management and space-saving ...

Support max. 4 cabinets in parallel, friendly for medium-sized project integrators.

Integrate into complex electrical grids with a fully functional power conversion station for utility-scale battery energy storage systems (up to 1500 VDC).

Discover our cutting-edge high-voltage energy storage connectors designed for demanding applications. With a voltage rating of 1500V and a current range of 250A to 300A, these connectors ensure ...

The design uses the TPSI2140-Q1 device and reed relay in a high-voltage, side-grounded, unbalanced bridge to calculate a precise insulation impedance of BESS up to 1500V.

Founded in 2009, SineSunEnergy has been focusing on lithium battery energy storage product development and application, providing leading lithium battery ...

The unit is a bidirectional 400kW / 1500V / 500A DC/DC power converter cabinet solution. As a combined buck/boost air-cooled converter, it can be set up in either charging or discharging mode.

New 1500V HV Energy Storage Cabinets with 200A Large Current Connectors Waterproof Charging Plug & DC Power New Energy Storage
