1. Using lithium iron phosphate core technology, higher safety, 80% DOD charging and discharging under standard conditions, more than 6000 cycles. 2. Battery temperature ...

Solves the problems of weak power grid coverage and large voltage fluctuations in mining areas, avoiding production losses caused by equipment shutdowns, and serving as an emergency power ...

This is a 500KW small-scale commercial and industrial energy storage system. It can store electricity through photovoltaic, diesel generators, and other means, with off-grid design.

Recently, Dongguan Haocheng Toys Co., Ltd., invested and built by East group, is 500kW/1075kWh. Energy storage the power station was put into operation smoothly. The project ...

It adopts door-mounted embedded integrated air conditioning, which does not occupy cabinet space, improves the available space of outdoor cabinets, has better structural integrity at the ...

We are professional manufacturer of solar systems, providing complete solar programs of off-grid, on-grid/grid-tie and hybrid power storage systems for partners around the world.

It adopts door-mounted embedded integrated air conditioning, which does not occupy cabinet space, improves the available space of outdoor cabinets, has better structural ...

Solves the problems of weak power grid coverage and large voltage fluctuations in mining areas, avoiding production losses caused by equipment shutdowns, and serving as an emergency ...
