It allows you to connect directly to a public grid, be part of a microgrid, or form an island grid. With up to 98% efficiency and very low harmonic distortion to supply, it is an excellent choice for any grid ...

The indoor and outdoor cabinet systems enable smooth operation and their modular designs provide operational flexibility. They feature power supply, ...

Imax Power's cabinet achieves deep integration of AC confluence, bidirectional metering, and grid-switching functions via modular design and intelligent algorithms.

The ready-made solutions offer a cost-effective and convenient way to increase automation in the distribution network to improve the availability and reliability of power supply.

The Base Station Energy Cabinet is a fully enclosed, weather-resistant telecom energy cabinet designed to provide reliable power distribution and battery backup for outdoor communication networks.

This heavy-duty enclosure securely houses a Stand By Power Supply and three (3) batteries along with equipment and cable required for fiber optic conversion and/or distribution.

This heavy-duty enclosure securely houses a Stand By Power Supply and three (3) batteries along with equipment and cable required for fiber optic conversion and/or distribution.

The modular CAB 1000 offers scalable, high-performance power conversion, tailored for your power-conversion needs. Its simplified installation and world ...
