---

Highly efficient, easy-to-deploy 80 kW, 480 V 3-phase UPS that brings best-in-class power protection and low total cost of ownership to edge, small and medium data centers, as well as to critical ...

Our system uses a modular design, making it easy to expand capacity. At the same time, the modular design also facilitates transportation, installation, ...

Comprising eight sets of battery units, each harboring a formidable 10.75 kWh energy capacity, the ESS culminates in an impressive total storage capability of 80 kWh.

The rack-mounted low-voltage lithium battery pack PRO series, manufactured with long-life and low-maintenance technology, provides modular and scalable energy storage systems to meet the needs ...

SKTESS100 is a DC battery cabinet designed for outdoor installation, featuring intelligent air cooling for efficient heat dissipation. Paired with a wall-mounted hybrid inverter, it delivers stable and reliable AC ...

BSLBATT DyniO is an all-in-one ESS battery storage system that combines a 30kW hybrid inverter, high voltage control box, and 60kWh / 70kWh / 80kWh / 90kWh Li-Ion battery ...

The Atrix Smart Series is a modular home energy storage system that can be expanded from 5kWh to 80kWh, allowing homeowners to build their own energy storage system flexibly.

GycxSolar 80KWh HV rack mount lithium battery can be used with most of the well-known Tier 1 inverters on the market. If you are a distributor or installer of these inverters, then GycxSolar will be ...
