Electrical enclosures in solar farms are critical for housing DC combiner boxes, AC distribution panels, battery storage systems, and communication cabinets. These enclosures ...

The new CPS ESS solution integrates 125/250 kW two-hour energy storage building blocks that can be easily expanded to meet any C& I project size. Modular design minimizes the impact of faults and their ...

Our products cover a power range from 100kW to 1500kW and are specifically designed for high-demand industrial, commercial, and grid-level energy storage ...

It adopts door-mounted embedded integrated air conditioning, which does not occupy cabinet space, improves the available space of outdoor cabinets, has better structural integrity at the ...

The GSL-BESS50kVA series is positioned as a "plug-and-play" All-in-one ESS solution, equipped with key functional components such as inverters, battery modules, battery racks, BMS, ...

Scalable from Kw to multi-MW, the BlueRack(TM) 250 battery cabinet is a safe, high-powered solution you can count on. By employing breakthrough sodium-ion cells based on Prussian ...

The new CPS ESS solution integrates 125/250 kW two-hour energy storage building blocks that can be easily expanded to meet any C& I project size. Modular design minimizes the impact of ...

The GSL-BESS50kVA series is positioned as a "plug-and-play" All-in-one ESS solution, equipped with key functional components such as inverters, ...
