Liquid-cooled energy storage lithium iron phosphate battery station cabinet Ranging from 208kWh to 418kWh, each BESS cabinet features liquid cooling for precise temperature control,

Lithium Iron Phosphate Battery: Low Thermal Runaway Risk,  $\geq 8,000$  Cycles (80% DoD),  $\geq 15$ -Year Service Life. Intelligent Temp Control Enables Stable Outdoor Work In Cold/Hot Areas, No ...

Ranging from 208kWh to 418kWh, each BESS cabinet features liquid cooling for precise temperature control, integrated fire protection, modular BMS architecture, and long-lifespan ...

The customer can equipped with a premium Lithium Iron Phosphate (LFP) battery, this battery cabinet prioritizes safety and performance. The ...

Lithium Iron Phosphate Battery: Low Thermal Runaway Risk,  $\geq 8,000$  Cycles (80% DoD),  $\geq 15$ -Year Service Life. Intelligent Temp Control Enables Stable Outdoor Work In Cold/Hot Areas, ...

The customer can equipped with a premium Lithium Iron Phosphate (LFP) battery, this battery cabinet prioritizes safety and performance. The battery pack and system will incorporate an aerosol fire ...

Equipped with independent R& D capabilities, large-scale production lines, and a strict quality control system, we provide customized charging solutions tailored to client requirements.

Enhance your setup with our modular design product featuring high-performance lithium iron phosphate for superior integration and space-saving installation. Perfect for efficient and ...
