The project involves the construction of a sophisticated 60 MW battery energy storage system (BESS) combined with a virtual power plant (VPP) in Sibenik.

The European Bank for Reconstruction and Development (EBRD) is providing a direct equity investment of up to EUR16.8 million in IE-Energy Projekt, a newly established joint-stock ...

The European Bank for Reconstruction and Development (EBRD) is providing a direct equity investment of up to EUR16.8 million in IE-Energy Projekt, a ...

EBRD invests EUR16.8 million in Croatia's first grid-scale battery storage and virtual power plant project to boost the renewable energy integration.

The EBRD has invested more than EUR5bn in 273 projects in Croatia to date, focusing on supporting reforms, leveraging EU membership benefits, and modernising public-sector enterprises.

As Croatia works toward its 2030 target of 36% renewable energy share, the Croatia Power Company Energy Storage Project serves as both technical solution and policy model.
