Title: Data center cabinets for bridges in the Saudi Arabia region networked type

Generated on: 2026-03-15 19:10:38

------------------------------------------------------------

Who are the leading companies in the Saudi Arabia data center market?

Leading companies in the Saudi Arabia data center market include Center3,Damac Data Centers and Quantum Switch Tamasuk,which provide retail and wholesale capacity.

What is the future of data center infrastructure in Saudi Arabia?

Increasing investments in artificial intelligence (AI) and cloud services drive robust data center infrastructure demand. The AI market in Saudi Arabia is expected to grow at a compound annual growth rate (CAGR) of 29% until 2030, while annual spending on public cloud services is projected to grow at a CAGR of 23% until 2029.

Why should you invest in a data center in Saudi Arabia?

One of the most compelling advantages for data center investors in Saudi Arabia is the lower energy cost. Saudi Arabia has a rich supply of fossil fuels,leading to a lower cost of electricity generation. For example,the average price for commercial consumers is around $0.08 per kWh,which is 30-50% lower compared to the global average.
