What are the upcoming projects in El Salvador?

The upcoming projects in El Salvador include the construction of a Biogas Power Generation Plant on the Acelhuate River in San Salvador, the commissioning of a photovoltaic plant at the 15 de Septiembre Hydroelectric Plant, and the establishment of a wind park in Metap#225;n, Santa Ana.

Does El Salvador have a telecommunication sector?

El Salvador's telecommunication sector has operated under a privatized legal and institutional framework since 1997, encouraging competition in most areas and allowing foreign investment.

Why does El Salvador prefer US technology products?

El Salvador's private and public sector prefers U.S. information technology products, which creates opportunities for water metering, smart traffic solutions, smart lighting systems, custom technology solutions, and city monitoring systems.

Why is mobile penetration so high in El Salvador?

Mobile penetration is remarkably high considering El Salvador's economic indicators, higher than the average for Latin America and the Caribbean. The growth in fixed-line services lowered in the face of mobile-cellular competition; fixed lines were 862,717 in 2022.
