What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

Why should you choose NEMA 3R telecom equipment cabinets?

Unauthorized access: These cabinets are durable and lockable for reliable protection against equipment theft, vandalism and access by unauthorized personnel. These products also offer unique advantages. Our NEMA 3R telecom equipment cabinets provide excellent protection from solid objects like dirt, clay and gravel.

Why should you choose NEMA Telecom cabinets?

Dust and debris: Our products keep dust and foreign objects from interfering with your critical electrical systems, helping you avoid damage and interruptions. Moisture and corrosion: All of our NEMA telecom cabinets stop the rain, sleet, snow and ice from getting in, eliminating issues and losses caused by corrosion.

These weatherproof indoor/outdoor telecom cabinets are modeled after proven designs, and they are customizable to meet your needs. We can build to your specifications or take your requirements and ...
