What is the EU solar manufacturing map?

The EU Solar Manufacturing map gives an overview of solar manufacturing companies active along the solar PV chain. On this map, you'll find manufacturers spanning from polysilicon to module as well as the aggregate production capacities for each segment.

Who makes SoliTek solar panels?

SoliTek is privately owned, 100% European Solar Technology company. Most of SoliTek glass-glass solar panels are installed in Switzerland, Italy and Germany. SoliTek produces solar panels using renewable energy - with no CO2 emission at all. Discover sustainable European manufacturer SoliTek.

What is the European Solar innovation map?

Furthermore, the map includes equipment manufacturers and European research centers which are the backbone of European solar innovation. This is a dynamic map that allows you to use the filter system and select any segment of the value chain, in any country.

Who is AE solar?

AE Solar brand has become synonymous with high-performing, top-quality photovoltaic modules and has specialized in PV technology innovation, application, and system development. The company is a key component supplier and project developer.

AESOLAR is a leading PV module manufacturer. We deliver high-quality, durable, and efficient PV modules, showcasing German engineering & quality. Presence in 100+ markets.

Discover sustainable European manufacturer SoliTek. We offer a wide range of products and services, from solar modules to energy storage solutions.

With over 27 years of experience in photovoltaic panel manufacturing, we work hard to provide our customers with the most durable, efficient, and aesthetically pleasing panels, focusing our ...

Its AXIhycon inverter series, with outputs from 5 to 50 kW, covers nearly all system sizes. Manufacturing takes place in partner facilities in Eastern Europe and Asia--monitored ...

With in-house R& D, production facilities, and a modern logistics center, we ensure fast and reliable access to a wide range of PV components. All purchases can be made easily through our B2B E ...
