Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet response. Ideal for industrial, commercial, and emergency ...

AZE's All-in-One Energy Storage Cabinet & BESS Cabinets offer modular, scalable, and safe energy storage solutions. Featuring lithium-ion batteries, smart BMS, and thermal management, they're ideal ...

Safety designs such as water and electricity separation, three-level fire protection + explosion venting + exhaust, liquid cooling + dehumidification design, all ensure the safety of the energy storage ...

Whether you need a small prefab substation or a larger modular substation control building, our structures can be equipped with various features to maximize performance and protection.

Eaton's Modular integrated transportable substation (MITS) is an ultra-flexible modular substation solution designed to your specific needs. The pre fab substation is assembled on a self-supporting ...

Whether you need a small prefab substation or a larger modular substation control building, our structures can be equipped with various features to maximize performance and protection.

Customers trust us to protect their electrical controls in Division 1 or Zone 1 areas with flameproof and explosion-proof enclosures. Our enclosures also enhance reliability of panels in hazardous areas ...

Our battery storage cabinets are constructed with a modular design, providing optimal flexibility for businesses across various sectors. Our power storage ...
