Power Storage Solutions offers DC power cabinets and rack systems from trusted manufacturers, delivering reliable enclosures for batteries and critical power.

Housed in a tough enclosure, our solution provides reliable, lightweight, and compact energy storage for uninterruptible power supply (UPS) systems. Battery cabinets are designed to hold batteries used to ...

Our engineering team specializes in designing and manufacturing custom racks and cabinets that meet the highest standards of safety and performance. If you have a project that ...

Arimon UPS backup battery cabinets offer breaker or fuse protection up to 800 Amps. UPS circuit breaker options include auxiliary contacts, undervoltage release (UVR) and shunt trip circuit ...

Battery Storage Cabinets play an essential role in ensuring reliable power supply for data centers, supporting uninterrupted operations, and protecting sensitive equipment.

Arimon UPS backup battery cabinets offer breaker or fuse protection up to 800 Amps. UPS circuit breaker options include auxiliary contacts, undervoltage ...

Vertiv EnergyCore cabinets are optimized for five minutes end-of-life runtime at 263kWb per each compact, 24" wide (600mm) cabinet, and operate ...

Industrial ESS Cabinets provide megawatt-scale energy storage for factories, data centers & utilities. Discover how these high-capacity battery systems reduce demand charges, enable renewables ...
