How do I get a solar installation?

Fill out the online form, and a trusted independent installer will call you to schedule a consultation. The solar specialist will review suggestions for your home based on square footage, power needs and appliance wattage to ensure a whole house solution. When your assessment is complete, we'll follow up with a quote.

How do I get a solar system installed at Lowes?

Confirm or enter ZIP code. From start to finish, Lowe's is with you every step of the way. Fill out the online form, and a trusted independent installer will call you to schedule a consultation. The solar specialist will review suggestions for your home based on square footage, power needs and appliance wattage to ensure a whole house solution.

What is a grid tied solar power system?

A grid-tied solar power system is connected to the electric utility grid, which allows power from the grid to kick in if your solar panels are unable to produce enough energy on their own at any given time. An off-grid system is not connected to the utility grid and is completely self-sustaining. Are solar power systems easy to maintain?

Is there a tax credit for solar?

There's a 30% solar investment tax credit through 2032. What's included in the warranty? Lowe's guarantees workmanship for 10 years from the date of installation.
