This outdoor battery cabinet incorporates advanced liquid cooling technology. With its high level of system integration, it offers easy installation and enhanced ...

It provides facts and figures about Germany's people, system of government, social life, politics, economy and culture. The website breaks down information into topics, with details such as ...

Germany is a country of north-central Europe. Although Germany existed as a loose polity of Germanic-speaking peoples for millennia, a united German nation in roughly its present form dates ...

If indoor installation isn't possible, we offer flexible alternatives: outdoor cabinets for compact, all-in-one systems or fully preconfigured, ready-to-connect container solutions in various sizes to suit your project.

For example, a typical German home with a 5kW solar system uses a 10kWh outdoor cabinet to store excess daytime energy, cutting grid reliance by 40-60% and slashing electricity bills.

Our outdoor cabinets with single doors are ideal for compact battery systems. The installation of a filter fan allows waste heat to be dissipated via the double-walled construction.

UltiBlock is a scalable, IP54-rated modular energy storage cabinet designed for outdoor C& I applications. Supports DC/AC coupling, BMS integration, and peak shaving.
