Does Germany have a solar-plus-storage innovation tender?

Image: Baywa r.e. The German Federal Network Agency (Bundesnetzagentur) has awarded 587MW of solar-plus-storage in its latest Innovation Tender. As has been the case in many of Germany's recent solar PV auctions, the Innovation Tender ended up oversubscribed, with 154 bids made for 1.8GW of capacity out of 583MW tendered capacity.

How many MW of solar-plus-storage capacity will be awarded?

Both capacity bid for and awarded were higher than the previous innovation auction held in July 2024, which awarded 512MW of capacity for solar-plus-storage projects. The Innovation Tender solicitations were launched in 2020, and are open to project bids that combine two or more renewable or clean energy technologies.

How much does a solar farm cost?

The contracts provide an additional premium in EUR/kWh to winning projects for energy discharged to the market. Prices for the successful bids range from EUR0.0776/kWh to EUR0.0878 ct/kWh with an average price of EUR0.0833/kWh (US\$8.75ct/kWh). Both the average price and the maximum value ended up above the previously held solar farm auction in July.

It provides facts and figures about Germany's people, system of government, social life, politics, economy and culture. The website breaks down information into topics, with details such as charts, ...

The German Federal Network Agency (Bundesnetzagentur) has awarded 587MW of solar-plus-storage in its latest Innovation Tender.

The Bundesnetzagentur (Federal Network Agency) recently awarded contracts for 490 MW of new capacity, but the real story lies in the overwhelming interest and plummeting prices, ...

Germany has awarded contracts to 490MW of solar-plus-storage projects in its latest "innovation" auction for co-located renewables.

Germany has recently awarded 512MW of capacity to solar-plus-storage projects through its Innovation
