IP55 Rated | 24U | AC110V or 220V 2700BTU Cabinet Air Conditioner

What is an outdoor telecom enclosure?

The outdoor telecom enclosures, which are also referred to as telecommunications cabinets, are fully enclosed cabinets that help protect electrical cabling and other equipment from potentially damaging environments. Such damage can be caused by dust, rain, ice, and external heat. What do you need to know about outdoor telecom enclosures?

What are outdoor cabinets?

Outdoor cabinets are enclosure systems specially designed for outdoor use that protect network devices, electrical systems, and other equipment from harsh weather conditions. These cabinets are usually made of waterproof, dustproof, and temperature-resistant materials.
