Who makes outdoor Telecom cabinets?

Since 1989, we've manufactured outdoor telecom cabinets in America's Heartland, providing telecommunications companies, utilities, and network operators with BABA-compliant solutions that protect critical equipment from the harshest environmental conditions.

What is an outdoor telecommunication enclosure?

Damage-resistant and reliable outdoor enclosures are key for outdoor telecommunication applications from cell tower sites and fiber optic networks to substations. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices.

What are outdoor cabinets?

Outdoor cabinets are enclosure systems specially designed for outdoor use that protect network devices, electrical systems, and other equipment from harsh weather conditions. These cabinets are usually made of waterproof, dustproof, and temperature-resistant materials.

What is an AP utility cabinet?

The AP Utility cabinet ensures wide-ranging indoor and outdoor functionality, including power distribution, fiber termination, telecommunications, security and surveillance, cellular backhaul, industrial controls, and CATV. Ready to protect your network infrastructure with American-made quality?

We supply outdoor electrical enclosures and electrical cabinets for low-voltage switchgear and controlgear assemblies. They are are manufactured to the highest standards using world-class ...

Purcell makes the decision easy, by offering specially engineered families of standard, modular, and configurable equipment cabinets to fit every deployment scenario.

We provide superior outdoor enclosures that are ready for installation. Fill out our registration form or call us at 904-674-2976 to learn more about our products and customization services.

With integrated North American manufacturing facilities and in-house engineering expertise, we can quickly customize our cabinets and enclosures to precisely meet the needs of your specific network ...

Designed to save deployment cost and time, our innovative solutions include hub collapse, battery backup, composite mounting platforms and modular series cabinets.
