I've built more than one of these myself, and below is the no-nonsense guide to building one that'll keep your generator dry, safe, and quiet ...

This Instructable is all about building a box for my new generator. We couldn't really afford an inverter type generator to run the stuff we want to (airconditioner, fridges and freezers), so it a ...

This Instructable is all about building a box for my new generator. We couldn't really afford an inverter type generator to run the stuff we want to (airconditioner, fridges and freezers), so it a standard older ...

The Portable Generator Enclosure Plans will show you how to build a simple, strong and weatherproof generator shed that you can use to safely store and operate your portable ...

Protecting your portable generator is a must if you want to protect it from weather, wildlife, and theft, but why buy an enclosure and baffle box when you can make them yourself? This blog will give you a ...

I've built more than one of these myself, and below is the no-nonsense guide to building one that'll keep your generator dry, safe, and quiet without falling apart in the first storm.

This Instructable is all about building a box for my new generator. We couldn't really afford an inverter type generator to run the stuff we want to (airconditioner, fridges and freezers), so it a standard older ...

In most cases, you can build a DIY generator enclosure for less than the price of a plastic generator shed. The finished product can be as attractive as you like; you can even ...
