The reinforced new TYPE C profile mainly frame cabinet developed by the company has been successfully used in the current domestic models of low-voltage switchgear sets, the product ...

This product is widely used in various communication fields such as switching equipment, microwave communication, mobile base stations and optical fiber transmission.

Huijue HJ-FGY series wind-solar complementary outdoor integrated energy-saving cabinet is an outdoor integrated cabinet made of high-quality metal sheet materials, which can integrate solar photovoltaic ...

Product Overview: The outdoor communication integrated power cabinet solution is designed for industries such as government, power, military, banking, telecommunications, education, hospitals, ...

BS-48150P-C Products are mainly for customized development of high power dc application backup power supply products, to provide emergency standby power. Battery system consists of 2modules ...

Product name: Off grid wind solar power system solution; Battery temperature line: 1\*3m line; Battery shunt: 800Ax2 (fuse); Maximum system capacity Load shunt: -48V/1000A; total 12 rectifier modules, ...

To cope with the problem of no or difficult grid access for base stations, and in line with the policy trend of energy saving and emission reduction, Huijue Group has launched an innovative ...

With a load power of 10kw and output voltage of AC 110V/220V, this Battery Backup Cabinet is suitable for a wide range of applications. It is ideal for powering solar powered cameras, communication ...
