---

Our industry-leading solar battery storage solutions feature safe and durable LFP (Lithium Iron Phosphate) technology, high charge/discharge rates (1P or 1C), exceptional energy density, ...

With proper powder coating or specialized fire-resistant coatings, cold rolled steel battery enclosures provide cost-effective solutions for indoor industrial battery cabinets, telecommunications battery ...

AZE can provide a wide selection range of outdoor integrated cabinet, battery cabinet and telecom equipment cabinet, which are widely used in wireless communication base station,electricity,radio ...

Our battery enclosures can be pole-mounted or ground-mounted and are suitable for indoor and outdoor applications. If you are not sure which enclosure you ...

Our industry-leading solar battery storage solutions feature safe and durable LFP (Lithium Iron Phosphate) technology, high charge/discharge rates (1P or 1C), ...

They are manufactured using high-quality galvanized steel sheets, insulation wool, high-temperature resistant EPS or PU materials, featuring a double-layer thickened outer shell for a longer service life.

Robust electrical systems and fire-resistant materials for high-temperature and high-pressure tolerance. Our outdoor cabinet is IP66 constructed in a environmentally controlled liquid cooled cabinet ...

At AZE Telecom, we specialize in designing and manufacturing weatherproof battery boxes for solar and outdoor 12v battery enclosures that ensure your batteries remain safe, secure, and operational, no ...
