Power utility Jamaica Public Service Company, JPS, is investing US\$300 million to construct Jamaica's largest solar power plant and a battery storage facility, starting this month.

By seamlessly integrating solar power and battery storage technologies, the facility has reduced diesel generator usage by 85% while maintaining operational reliability.

Explore how battery energy storage systems are transforming Jamaica's power sector--cutting energy costs, reducing outages, and enabling renewable energy growth.

The project is anticipated to generate approximately 791,000 kilowatt-hours annually, significantly reducing greenhouse gas emissions and diminishing reliance on traditional power ...
