Never run out of power! Virtue Solaris offers Bluetti's latest flagship products that provide off-grid energy independence to a wide variety of applications, from campers and caravan community, to yachtsmen ...

Our systems include solar panels, batteries, and inverters, all seamlessly integrated to deliver a reliable and consistent energy supply. Whether you're powering a small home or a larger property, we create ...

In Malta the grid belongs to Enemalta Corporation. With an on-grid system, there is an option to add an energy storage system (known as a battery system). The ...

Our most affordable and most popular smart, self-sufficient home offer designed to wipe out your energy bills and make your home resilient against power cuts.

Data was obtained by measuring the electrical consumption and PV generation of a dwelling located in Malta for over one year with a temporal resolution of 30s.

Our experts design a PV system tailored specifically to your home's layout and energy usage. Then, we'll handle the entire installation process from start to finish.

Our systems include solar panels, batteries, and inverters, all seamlessly integrated to deliver a reliable and consistent energy supply. Whether you're powering a ...
