From outdoor energy storage system cabinets to integrated cloud-based controls, EPC Energy has you covered. We want to help you create a sustainable future.

The Outdoor Cabinet Energy Storage System is a fully integrated solution that combines safe battery storage, intelligent power management, and weatherproof protection for solar and telecom applications.

Discover how modular outdoor energy storage cabinets are transforming renewable energy management across industries - and why they're becoming the backbone of modern power ...

Provides remote on/off control of each output branch and multi-source inputs (PV, wind, AC, 12V, etc.) for power management flexibility. The Photovoltaic Micro-Station Energy Cabinet is a hybrid power ...

Huawei's One Site One Cabinet power cabinet solution uses a compact, high-density design to simplify site management, reduce energy use, and support sustainable operations.

Combines high-voltage lithium battery packs, BMS, fire protection, power distribution, and cooling into a single, modular outdoor cabinet. Uses LiFePO4 batteries with high thermal stability, extensive cycle ...

These cabinets are designed for outdoor installations, providing uninterrupted power supply (UPS) for telecom towers, industrial sites, solar farms, and ...

These cabinets are designed for outdoor installations, providing uninterrupted power supply (UPS) for telecom towers, industrial sites, solar farms, and emergency backup systems.
