Equipped with a robust 15kW hybrid inverter and 35kWh rack-mounted lithium-ion batteries, the system is seamlessly housed in an IP55-rated cabinet for enhanced protection against water and dust, ...

Equipped with robust couplings, fast switching, accurate battery management and solid housing, each system offers resistant and safe energy storage, fully compliant with the PGS 37-1 directive.

Together, these enclosures deliver 15 kW continuous (20 kW peak), operating silently and reliably even in harsh climates. Designed for telecom, data edge, industrial, and government applications, the ...

High Pressure box BMS incl. 2nd level BMS Hybride hoog voltage omvormer 20kW (instelbaar op 15kW)
Toepasbaar on-grid of off-grid of hybride opslagsysteem ...

Modular battery cabinet for extended runtime for UPSs with internal batteries. The cabinet is supplied without batteries, so modular battery strings must be purchased separately. Up to 9 battery strings ...

The battery system is fireproof with dimensions of 580 mm x 387 mm x 1300 mm and a weight of 135 kg. The battery has an impressive capacity of 15 kWh, allowing you to store excess energy generated by ...

Modular battery cabinet for extended runtime for UPSs with internal batteries. The cabinet is supplied without batteries, so modular battery strings must be ...

Highly efficient, easy-to-deploy 15kW, 208V 3-phase UPS that brings best-in-class power protection and low total cost of ownership to edge, small and medium data centers, as well as to critical ...
