Note that if you declared it `var a = new { };` and `var o = new object();`, then there is one difference, former is assignable only to another similar anonymous object, while latter ...

It is NOT "bad" to use the new keyword. But if you forget it, you will be calling the object constructor as a regular function. If your constructor doesn't check its execution context then it ...

We have extensive manufacturing experience covering services such as battery enclosures, grid energy storage systems, server cabinets and other sheet metal enclosure OEM services.

Ever wondered what keeps those bulky energy storage batteries from unraveling like a poorly wrapped burrito? Meet the steel tie - the metallic superhero holding battery cells together in a ...

Ever wondered what keeps those bulky energy storage batteries from unraveling like a poorly wrapped burrito? Meet the steel tie - the metallic superhero holding battery cells together in a world obsessed ...
