What does Nordic batteries do?

We develop battery modules, racks and energy storage systems designed to power industrial applications across challenging sectors, including construction, maritime, defence, and grid systems. At Nordic Batteries we focus on what is important: safety, reliability and performance.

Which battery enclosures are best for solar & 12V batteries?

AZE Telecom offers top-quality weatherproof battery enclosures for solar and 12v batteries. Discover durable outdoor battery storage, pole-mounted boxes, and wall-mounted enclosures designed for solar batteries outside installation. Protect your batteries in any environment today!

Are Nordic batteries looking for a development engineer?

Nordic Batteries are seeking a development engineer for mechanical construction and system design. Factor 47 is operative! The pilot line where Nordic Batteries will produce their first battery modules is now officially open after the visit from former Prime Minister Erna Solberg where she cut the banner to kick it off.

What is a 12V battery enclosure?

Secure and durable enclosures for 12v batteries used in solar and off-grid systems. Features IP66 and NEMA 4X ratings for maximum protection against water and dust. Perfect for outdoor battery storage in remote or exposed locations. 3. Outdoor 12v Battery Enclosure Compact and secure, designed for 12v batteries in outdoor settings.
