OPERATING TEMPERATURE Bisida's BMS Lithium Ion supports (3.7V) lithium-ion battery charging and discharging in zones from 2.65V to 4.25V, with low temperature protection up to ...

This state-of-the-art rechargeable 72V lithium battery pack is expertly constructed with high quality 18650 NMC cells, delivering a lightweight, reliable and long-lasting power source.

Shop Dakota Lithium 72v Battery for EVs, solar, & industrial use. Lightweight, powerful, and long-lasting. Upgrade to lithium power today!

Designed for 72V systems, this BMS is ideal for a variety of applications, making it a versatile choice for DIY solar energy storage solutions, compatible with many lithium-ion battery packs.

This Li-Ion battery pack is maintenance free, and has a longer run time with a shorter recovery time than equivalent lead acid battery packs. It weighs 70% less and takes 60% less space ...

Designed specifically for electric transportation, these 72V 32Ah packs deliver high power output and excellent energy density to support extended driving ranges and smooth acceleration.

Its lightweight design and compact size make it ideal for a wide range of applications, from marine and RV power systems to solar energy storage and electric mobility. One of the key advantages of the ...

Specializing in OEM/ODM solutions, we deliver high-voltage battery systems for RVs, golf carts, forklifts, e-bikes, and home energy storage. Our IP55 waterproof designs withstand harsh environments, ...
