What is a cabinet style generator system?

This cabinet style generator system looks great at home, is easy to setup and allows for backup power during an outage. This system is also safe for indoor use; it can be installed in a closet, in a cabinet, or made portable by using a wheeled cart. By building your own battery backup system you can size it to your desired needs.

What is a generator connection cabinet?

Visit GenConCab.com Download the Brochure. The Generator Connection Cabinet (also known as a "tap box" or "docking station") provides a quick and convenient station to connect a portable generator to a facility's electrical power distribution system.
