HyperCube is a liquid-cooling outdoor cabinet suitable for energy storage. It features high safety, a long lifespan, high efficiency, stability, scalability, and rapid response.

Alfen has extensive experience in energy storage and not only develops and supplies the battery system, but also offers a 10-year service agreement for monitoring and maintenance to ...

Alfen has extensive experience in energy storage and not only develops and supplies the battery system, but also offers a 10-year service ...

It includes a power module with inverter and a high-capacity lithium-iron phosphate battery and is compatible with either or both off-grid PV Solar or on-grid mains power supply all fitted in a compact ...

This guide provides step-by-step instructions on how to install your R-BOX-OC outdoor solar battery cabinet, including site selection, assembly, wiring, and system testing. [pdf]

Our latest overview of the top 20 battery energy storage projects in Sweden reveals a market that has shifted from cautious pilot activity to industrial ...

This energy storage cabinet is a PV energy storage solution that combines high-voltage energy storage battery packs, a high-voltage control box, an energy storage PV inverter, BMS, cooling systems (an ...

The new 20MW/20MWh lithium-ion based battery storage facility will be used to help balance electricity supply in the region and has been connected to the grid by Landskrona Energi, a ...
