We can provide users with full-scenario lithium battery systems, and provide customized lithium battery solutions to high-end users. Click the link below to download technical documents

The LZY solar battery storage cabinet is a tailor-made energy storage device for storing electricity generated through solar systems. They assure perfect energy ...

From industry-leading solar panels and solar power inverters to solar power system kits, Sunway Solar makes it easy to switch to solar power in utility & commercial solar project applications.

PWRcell 2 features a modular design that allows the system to range from 9 - 18 kWh of storage capacity in a single cabinet, providing up to 33% more backup capabilities and savings opportunities ...

APPLICATION: Backup power: Supply power to the load when the power grid is out of power, or use as backup power in off-grid areas. Enhance power system stability: Smooth out the intermittent output ...

The LZY solar battery storage cabinet is a tailor-made energy storage device for storing electricity generated through solar systems. They assure perfect energy management to continue power ...

PWRcell 2 features a modular design that allows the system to range from 9 - 18 kWh of storage capacity in a single cabinet, providing up to 33% more backup ...

Equipped with a robust 15kW hybrid inverter and 35kWh rack-mounted lithium-ion batteries, the system is seamlessly housed in an IP55-rated cabinet for enhanced protection against water and dust, ...
