Frazium Energy - part of the Australian-German Frazer Solar group - has signed a 40-year contract with the government of the Southern African kingdom of Eswatini (formerly known as Swaziland) for a ...

Three key documents underpin Eswatini's energy ambition: 1) Eswatini 2050 Energy Masterplan, outlining strategy for energy security, reliability, sustainability, and affordability; 2) 2033 Short-term ...

The project, considered the world's largest solar-storage project, will install 3.5GW of solar photovoltaic capacity and a 4.5GWh battery storage system. The project has commenced in November 2024.

Frazer Solar, an Australian-German company, has signed a definitive deal with the Government of Eswatini (Swaziland) for a 100MW solar battery project, which will be Africa's largest.

Shifting focus to larger-scale projects, such as the Eswatini Solar-Storage Project by Frazer Energy, by granting IPP licenses is poised to increase electricity access, create jobs and even ...

In a landmark decision, Swaziland has greenlit a major energy storage initiative aimed at addressing grid instability and accelerating renewable energy adoption.

This project is one of Zhejiang Province's "14th Five-Year Plan" new grid-side energy storage demonstration projects. It is also the largest energy storage power station in Lishui City, Power China ...
