The high-capacity 15KW kit features a 14.336kWh battery for extreme energy demands. With integrated LiFePO4 technology, it offers safety and longevity, perfect for off-grid or remote applications.

This cabinet provides dependable power from 9 kW to 15 kW by combining pure sine wave inverter technology, scalable lithium iron phosphate (LiFePO4) storage, and high-efficiency ...

This cabinet provides dependable power from 9 kW to 15 kW by combining pure sine wave inverter technology, scalable lithium iron phosphate (LiFePO4) ...

Equipped with a robust 15kW hybrid inverter and 35kWh rack-mounted lithium-ion batteries, the system is seamlessly housed in an IP55-rated cabinet for enhanced protection against water ...

This innovative product allows you to add up to six 15kW hybrid inverters in parallel for a maximum of 90kW. With intelligent energy storage management and a reliable backup power ...

All-in-One Design: Combines battery pack, BMS, HV connection box, power distribution, temperature control, and fire protection in a single cabinet. Advanced Battery Technology: ...

Equipped with a robust 15kW hybrid inverter and 35kWh rack-mounted lithium-ion batteries, the system is seamlessly housed in an IP55-rated cabinet for enhanced protection against water and dust, ...

All-in-One Design: Combines battery pack, BMS, HV connection box, power distribution, temperature control, and fire protection in a single cabinet. Advanced Battery Technology: LiFePO4 cells offer ...
