What is an outdoor telecommunication enclosure?

Damage-resistant and reliable outdoor enclosures are key for outdoor telecommunication applications from cell tower sites and fiber optic networks to substations. These specialized cabinets house and protect sensitive equipment like routers, switches, and other network devices.

What is a weatherproof outdoor enclosure?

Each weatherproof outdoor enclosure is rated NEMA Type 3,4,5,or 6and undergoes rigorous field testing to ensure reliability in demanding outdoor environments. Whether facing desert heat,arctic cold,coastal humidity,or industrial dust,these telecom boxes maintain their protective integrity.

Where are outdoor Telecom enclosures made?

Every outdoor telecom enclosure we manufacture is designed,fabricated,and assembled entirely in the USA. Our commitment to American manufacturing means you receive consistent quality,faster lead times,and complete Build America,Buy America (BABA) self-certification documentation with every order.
