What data center products do you need?

The Data Center Products You Need, Now. Server racks & cabinets, power, containment, and network cabling. Stocked warehouses around the world mean you can get what you need when you need it. Our team is stacked with talented individuals who have spent years working for the giants of the data center industry.

What do Enconnex racks & cabinets have in common?

All Enconnex racks, cabinets, and enclosures share one thing in common: innovation. They were all designed to solve problems IT administrators and data center operators face. We have solutions engineered for specialized environments and applications like device testing and edge computing, as well as standard cabinets for traditional use cases.

How can a data center be more energy efficient?

There are several measures you can take to improve the security of the racks and equipment in your data center. Though it consumes no electricity and contains no moving parts, the rack and enclosure orientation has a significant impact on a data center's ability to become an energy efficient enterprise. How much U space do I need?

Are Enconnex cabinets UL certified?

Our server racks and cabinets are no exception. Enconnex cabinets carry all major regulatory certifications, including UL-certified, RoHS compliance, and EIA 310A conformance. On top of that, Enconnex is an ISO 9001:2015 certified company. Customer satisfaction and quality are at the forefront of everything we do.
