---

Equipped with 0.5mm high-temperature-resistant insulation layer, with a fire-resistant limit of 1200°C and an insulation performance of >18kV.

Why should you choose energy storage cabinets? This ensures that energy storage cabinets can provide a complete solution in emergency situations such as fires.

Huijue Group provides professional Energy Storage Solutions for Communication Bases, ensuring reliable backup power for telecom infrastructure during outages or peak demand.

The cabinet operates within a wide temperature range of -20°C to +75°C, ensuring reliability in extreme weather conditions. It features intelligent temperature control and energy-efficient automatic ...

The machine-side converter rectifies the three-phase AC output from the fan-motor stator to DC to achieve stable DC voltage output under the conditions of ...

Highjoule HJ-SG-D03 series outdoor communication energy cabinet is designed for remote communication base stations and industrial sites to meet the energy and communication needs of ...

EK-SG-D03 integrates communication power supply, lithium battery, solar energy and wind energy. Through intelligent software control, it ensures green energy priority power supply, helping ...

This large-capacity, modular outdoor base station seamlessly integrates photovoltaic, wind power, and energy storage to provide a stable DC48V power supply and optical distribution.
