From outdoor energy storage system cabinets to integrated cloud-based controls, EPC Energy has you covered. We want to help you create ...

With a modular PCS design and front-access outdoor cabinet, it enables reliable power supply, fast deployment, and easy expansion in both on-grid and off-grid scenarios.

Our outdoor cabinets, made of double-walled aluminum profiles, have been specially developed to reliably protect battery systems in outdoor areas. These ...

Optimizing the use of renewable energy: Maximize the use of photovoltaic power during the day, while excess power is stored for use at night. Peak shaving ...

Secure your off-grid power needs with our outdoor cabinet energy storage system. Designed for resilience, it offers high-capacity energy storage in a weather-resistant cabinet.

Highjoule's Outdoor Photovoltaic Energy Cabinet and Base Station Energy Storage systems deliver reliable, weather-resistant solar power for telecom, remote sites, and microgrids.

Optimizing the use of renewable energy: Maximize the use of photovoltaic power during the day, while excess power is stored for use at night. Peak shaving & Valleyfilling: Supply power to the ...

Engineered with reinforced steel enclosure and IP55/IP65 protection class for dust, water, and corrosion resistance in severe climates. Combines high-voltage lithium battery packs, BMS, fire protection, ...
